We need instructors all over SA. If you want to be part of our amazing team, contact us today!

info@funkykidz.co.za

The Clever Little Owl

We are a small educational company that believes a child/baby/toddler is NEVER too young to learn.

Our programs are designed by qualified teachers with over 15 years experience.

There are many different options to choose from and they can all be viewed on www.funkykidz.co.za

Our Pre School curriculums start from 1 years of age and go up to grade 00 (the year they turn 5)
(We will soon have grade R as well)

Each age group has 4 terms.

We work per term.

So prices are per term.

How it works

You sign up your little one on <http://funkykidz.co.za/order-enrollment/>

You will then receive an invoice via email.

Please pay and send POP back to this email address. Once Payment has reflected into our account we will send you your PDF file via email that you can print.

If you wish to purchase the hard copy this takes about 2 weeks to get to you.

There is no difference in the hard copy and the PDF file, just some people prefer a hard copy so we also have that option.

Our curriculums are theme based, covering all learning areas needed for that particular age group. The older your little one get, the more school readiness there will be in the curriculum. We have designed them in such a way that they are still learning in a fun, creative way.

Our prices include all assessment work and online support.

At the end of each term I will email you an assessment sheet to do with your little one, it is up to you to answer it as honestly as possible. You then send the filled in sheet back to me. We then move

onto the next term. At the end of the year your little one will receive a little certificate and can move onto the next level.

The prices for the PDF files are as follows: We keep our prices low, as we all know how expensive schooling can get.

These prices are per child. Prices are per term

Grade 00000 (1-2 years) R150

Grade 0000 (2-3 years) R170

Grade 000 (3-4 years) R200

Grade 00 (4-5 years) R250

The programs are as follows:

1 – 2 year old is for the year they turn 2

2-3 years old (grade 0000) is for the year they turn 3

3-4 years old (grade 000) is for the year they turn 4

4-5 years old (grade 00) is for the year they turn 5

Our Grade R pack! Is R 750 filled with fun activities getting the kiddies ready for grade 1. Price includes courier to your door. This pack covers all learning areas!

For babies and toddlers we have our baby modules

These are a little more as they come with toys.

This program lasts for 3 months

There are 5 boxes marked Monday – Friday, each box has 4 age appropriate toys, games and activities covering all learning areas. Every Monday you do Mondays box and so on. This Program is R1000 for the 3 months and it includes delivery to your door.

Please feel free to ask any questions.

Also like our Facebook page we have examples there of our work

I am so thankful for this amazing opportunity to be at home with my babies and to educate them at the same time. My beautiful Daughter started beginning of August and we are finally done with term 2 now. So here we come term 3 😊 so proud of my hardworking child (and we enjoy it so much)

Thank you Chantal

X

My big boy keece completed his grade uu. His now ready for grade 0/R. Thanks The Clever Little Owl - FunkyKidz for making homeschooling so much fun
